SERVICEPRO 911

Clover App Market add-on for field and home-service companies — dispatch, estimates, service agreements, invoicing, and job tracking on Mini, Flex, and Station. Not a Clover SaaS tier; billed separately in the App Market. Pair it with Services Growth when the merchant also needs Clover appointments and online booking.

Lesser Private Client Leasing

Billing schedule and clawback rules for equipment leases.

BILLING SCHEDULE

- Charges are billed on the 5th and the 15th of each month.
- No payments are collected during the first 30 days.
- After the initial 30-day period, billing is based on the date the lease started.
- The first billing cycle covers one full month plus a prorated amount for the partial first month.

CLAWBACK RULES

- Clawback applies if the merchant commits fraud or misrepresentation at any point up to lease end.
- Capvera conducts an internal welcome call on every new lease.
- Zero clawback if the merchant makes 90 days' worth of payments on time.

Important

Lease caps shown in this catalog are internal rates and are not advertised consumer pricing. Confirm current billing dates, prorate calculations, welcome-call process, and clawback terms with Lesser Private Client Leasing before presenting or finalizing any equipment agreement.
